### **Formosa Plastics Corporation, U.S.A. Announces Expansion of PVC Plant in Baton Rouge, Louisiana**

[Baton Rouge, LA – 7/25/24] - Formosa Plastics Corporation, U.S.A. is thrilled to announce a major expansion of our PVC plant in Baton Rouge, Louisiana. This substantial investment will significantly boost our facility's capacity, allowing us to better meet the growing demands of our customers.

The enhancement will enable us to handle larger production volumes and manage peak demand periods more efficiently. This development is a testament to our commitment to delivering superior service and products, highlighting our dedication to excellence and customer satisfaction.

The expansion project will also create numerous employment opportunities in the Baton Rouge area, from skilled technical positions to support roles. By fostering local employment, we aim to strengthen the community and contribute to the region's economic growth.

PVC, a versatile and durable material, plays a critical role in various applications such as construction, healthcare, and automotive.

We at Formosa Plastics are enthusiastic about this expansion and the positive impact it will have on our operations, customers, and the local community. We look forward to continuing our journey towards excellence, sustainability, and community development.
